Logo & Wordmark

BRAND MISSION

Every invitation is a first impression — a quiet promise of the story about to unfold. Tala Invites crafts moments that guests will keep long after the last dance.

Three logo variants — use based on background context.

USAGE RULES

- Always maintain clear space equal to the cap height of the "T" around the logo.
- Do not stretch, rotate, recolor, or apply effects to the logotype.
- Never place the primary logo on a dark or photographic background — use Reversed.
- The monogram is reserved for small-format use: favicons, embossing, watermarks.
